

2019 Michigan ProStart Competition March 17-18, 2019

Nutrition Discipline Procedures and Rules

Participating teams, educators and mentors are responsible for understanding and following all the procedures and guidelines contained in this document. Please read through these rules carefully to avoid receiving any penalties during the competition.

Questions regarding competition rules should be sent to Julio Montemayor julio@mramail.org 517.377.3924 **PRIOR** to the start of the competition.

Eligibility

Student and Teams

1. All high school students, currently enrolled in a **confirmed ProStart program recognized by the National Restaurant Association**
2. Participating teams will consist of two (2) to four (4) team members. One (1) alternate may attend. However, the alternate may only participate if an original team member is injured or unable to participate. In case of student injury, an alternate, with judge's approval, may replace the injured student during the competition.
3. Students may only compete for two years.

General Disqualifications

1. Teams must arrive at the appointed time to compete or they will be disqualified. Including check-in and all feedback sessions. The only exception made will be for travel delays beyond the control of the team.
2. Teams may not receive coaching or any form of communication from anyone during the competition time or they will be disqualified. There will be no verbal or non-verbal communication allowed between any spectators, educators, mentors or coaches and competing teams. **NO EXCEPTIONS.**
3. Misconduct, which includes any nonprescription drug use, alcohol use, or any activity that is illegal under federal, state or local laws, at the event, during competition or in activities or locations related to the event, may disqualify a participant or the participant's team from awards or further participation. Should any misconduct come to the MRA ESF's attention, the matter will be investigated as the MRA ESF deems appropriate. Any decision and sanction as to appropriate action due to misconduct is at the sole discretion of the MRA ESF and is final. By entering into the contest, the student and the team he/she represents accept this requirement as well as all other conditions of the program.
4. Teams must compete in each event segment in the competition or they will be disqualified.

Schedules

Competition schedules will be distributed in advance of competition, once all teams have been identified. All schedules are subject to change.

Nutrition Competition

Purpose

In recent years the USDA has set stringent guidelines or nutritional standards for children. These guidelines are required in school food service and the new USDA snack guidelines have impacted ProStart programs across the country. Diet is a critical component of a healthy lifestyle. There is an increasing demand from American diners for healthy kids' choices on restaurant menus. Teams participating in this discipline will demonstrate a basic understanding of nutrition, the ability to build flavor without adding unnecessary salt and fat to foods. Your team will develop a menu that embodies the foundation of good health practices using information contained in: Foundations of Restaurant Management and Culinary Arts textbook; the website www.chooseMYPlate.gov and the Kids Live Well Criteria.

Uniform

The team must present a uniform appearance. All team members are required to wear appropriate apparel consisting of white chef coats, checkered or black pants, nonporous, closed toe, non-slip hard sole black shoes and apron, as well as the hat provided by Event Organizers.

Event Organizers will provide chef hats at registration. The team will be evaluated on proper uniform throughout all events.

Scoring

The total number of points possible in the nutrition competition is 100 points.

Preparation for Competition

1. Mentors and educators may assist teams in preparing for the competition. Their expertise is limited to acting as a sounding board and critiquing practice presentations.
2. Students will want to reference the following materials: Foundations of Restaurant Management and Culinary Arts; www.chooseMyPlate.gov; and the Kids Live Well Criteria *Exhibit A*.
3. Students will be given a copy of Master Cook software and are expected to use the software to prepare the nutritional analysis. Your team may use alternative software. The alternative software must provide calories, total fat, saturated fat, cholesterol, sodium, total carbohydrates, and protein.
4. The workspace will consist of two (2) eight-foot tables provided for each team. The tables will be set up in an "L" formation within a 10' x 10' space. All food preparation must be done within the workspace on the tables provided. All equipment and supplies must be contained within the allotted 10' x 10' space.
5. No electric or battery-operated equipment may be used with the exception of electric timers or clocks, thermometers and digital scales.
6. The only heat sources allowed will consist of two butane burners.

Written Submission

The team will create a **Full Meal** that meets the Nutrition Criteria for Kids Live Well Program (for kids' ≤ 12 years old). The written submissions will be turned in at the same time as food product check-in.

1. Full meal: entrée, side option and beverage
2. Photo of the completed plate
3. A copy of the presentation menu
4. For each component of the Full Meal, team must:
 - a. Complete the recipe worksheet *Exhibit C*
 - b. Complete cost sheets of the products *Exhibit D*
 - c. Menu Price Example *Exhibit E*
 - d. Develop the nutrition analysis *Exhibit F*

5. The written proposal must be typewritten following the outline in *Exhibit B*, and each section should be separated by tabs. Teams will prepare 5 copies of the proposal in a clear front, soft-bound report format.
6. Written submissions should be free of errors.

Presentation Menu

Teams must create a display menu. The menu should be appropriate for a children's menu and will be displayed with the display plates. Creativity is encouraged while keeping in mind the menu should be appropriate for the target age group. Any necessary display materials are the responsibility of the team and should be checked in with the menu and written submissions.

Team Check-in

Check in times will be assigned and shared with competition times, to be determined as teams are identified and scheduled.

1. A complete printed list of every item contained in each cooler or other container holding food items must be attached to the inside of the cooler and/or container. The list must be attached in a plastic sleeve. All ingredients must be checked in with event personnel. Each team's food will be placed in an appropriate and secure location at the competition site until just prior to the designated Station Pre-Set time.
2. Teams will be evaluated on the proper temperature and storage of ingredients. If a food item is found to be compromised it will be disposed. Missing food items or disposed food items can be replaced until the team's station pre-set time.
3. Menus and dishes must be turned in during Check-In. Teams are expected to bring their own plates/ serving items as they see fit to present the children's meal, the items will be stored in dry storage.

Station Pre-Set Time (10 minutes)

- Teams may arrive 15 minutes before their assigned Station Pre-set time to retrieve their items from storage.
- When station pre-set time starts the team is able to take the floor
- During Station Pre-Set Time teams are allowed to:
 - Ice perishable products of any type for proper food safety
 - Organize equipment to allow an unobstructed work area
 - Set cutting boards and knives
 - Procurement of water and sanitizing solution from kitchen
- Mise en place of food is NOT allowed.

Cooking of Kids Live Well Full Meal

Team will have 30 minutes to prepare and plate two identical meals. Under the terms of Kids Live Well a full meal includes: entrée, side option and beverage. Remember Kids' Live Well Menu items are designed for Children ≤12.

1. During the competition, final meal production must be completed in a thirty-minute time period that includes plating. Event personnel will announce the time at 5-minute intervals. It is the responsibility of each team to know their start time and be ready to begin when their assigned time is announced. Teams may bring a manual or battery-operated timer. Event personnel will keep and display the official time.
2. A team is considered done when the food is plated, on the service trays, and all team members have stepped away from the trays and raised their hands to signal they are finished.
3. After a team completes their two (2) identical meals, the team will determine which meal will be evaluated and which will be for display. Team members will transport all plates and their presentation menu to the judges' table and leave immediately.
4. Teams will return to their station for the Work Skills/Organization feedback.
5. Judges will have ten (10) minutes to evaluate the plates. At that time the team will return to the tasting area for a five (5) minute feedback session. Teachers and mentors may accompany the team.
6. Teams will proceed to the recipe and Nutrition judges for a five (5) minute feedback session. Teachers and mentors may accompany the team.
7. Teams will then take display plates and Presentation Menu to the display area. The competition is not completed and teams may not converse with anyone not on the team.
8. Teams will return to their station to begin Station Clean-up

Judges

1. Nutrition Judges will consist of registered dietitians, industry professionals and college/ university educators.
2. Industry Tasting Judges will consist of qualified culinary professionals who will evaluate flavor, taste, and balance.
3. Target Market Judges will be children. The children will be old enough to read the menus.
4. You are cooking for a high risk population! Sanitation and cooking to proper temperature is required and will be monitored by the floor judges closely.

Station Clean-Up

1. Teams have ten (10) minutes to clean and vacate their station. The team will leave the food preparation area only when their station is returned to the condition it was in when they arrived. (*See Penalties*).
2. Teams will receive the Sanitation feedback.

Attendees

Mentors, teachers, chaperones, parents, general public, etc., are encouraged to attend the competition. However, space is limited.
